Dr. Titus Munson Coan, in Harper's Magazine, declares in favor of "Soda Water" for table use. "Soda Water (more properly called Carbonated Water) whether manufactured or natural is a POWERFUL AID TO DIGESTION by stimulating the stomach and also probably aiding to dissolve the mineral ingredients of the food. It is very appetizing, it corrects acidity in the stomach, checks the disposition to nausea and cools the system in febrile complaints and is indeed the ideal beverage for the water drinker."

## Ticket Throughout Deserves Says Chairman Robertson Solid Republican Support

A. G. M. Robertson, chairman of the Republican Territorial Committee, is satisfied that the Republican ticket now in the field is deserving the solid and enthusiastic support of Republican voters who should not be misled by independent movements or personal or factional criticism of the ticket. Robertson feels keenly the independent candidacy of Cecil Brown. Speaking of the situation Chairman Robertson said to a Bulletin reporter:

"Good faith toward the party obligated Brown to abide by the voice of the convention. He had no more right to run independent than any other disappointed candidate, and it has placed his friends in a most unfortunate position. Before the convention it was stated that Brown said he would bolt if he did not get the nomination. His friends working in his behalf refuted that idea, relying on his good faith to abide by the convention vote.

"His coming out as an independent candidate I regard as a direct slap in the face to his friends who worked for him in the convention and amounts to throwing them down and playing into the hands of the enemy. Those who worked for him are very much disappointed in the stand he has taken and cannot now do otherwise than repudiate his candidacy.

"I understand that Brown claims he was defeated through the influence of the Attorney General improperly used against him. In my judgment, if official influence was improperly brought to bear against him, the way to get rid of the evil was not by bolting but by working within the party.

"The Republican party cannot afford to see good men like Bishop, Lane and Dowsett defeated. I consider that our ticket throughout deserves the united support of all party workers and all Republican voters."

## BRIGHT'S DISEASE AND DIABETES NEWS.

San Francisco, Sept. 1, 1904.  
To Honolulu Drug Co.

Dear Sirs:

There are daily occurrences in this city that ought to be known all over the world. A guileless old gentleman, an octogenarian, a distant relative of Robert Fulton, of first steamship fame, has saved the lives of hundreds (probably thousands) after they were believed to be beyond human aid. His discovery is undoubtedly the long-sought cure for Bright's Disease and Diabetes.

This is not easy of belief and it is the purpose of a number of business and professional men of this City (of whom I am one) to tell the people. You are hereby authorized to tell all those in your City who have either Bright's Disease or Diabetes that nearly nine-tenths of them can recover. Among the business men who are giving moral and financial support and who would give neither if the above was not strictly true, are Hon. D. M. Burns, President Candelaria Mining Company; Edward Mills, President Bullock & Jones Company; Captain Roberts, President Boca and Loyalton R. R. Co.; Thos. Kirkpatrick, Capitalist; D. E. Bender, Capitalist; W. C. Price, Capitalist; Wm. Sharp, Capitalist; C. W. Clark, Capitalist, and many others. The pamphlets herewith are to be given to all inquirers without charge. They give the complete history of our long and exhaustive investigation.

Yours truly,  
A. E. SHATTUCK,  
President Pacific States Type Foundry.

When to suspect Bright's Disease—puffy ankles or hands—weakness without visible cause—Kidney trouble after third month—falling vision—one or more of these.

## Democrats of Fifth Name Representatives

The Fifth District Democrats met in caucus last evening and endorsed the following for Representatives: John Emmeluth, R. H. Trent, Jesse Makainai, David Kuphea, D. Damien and Kamahu. As it was decided to give two places on the ticket to country precincts and these were not represented at the caucus, two of the above names will probably be pulled down for the outsiders.

The caucus lasted until 11 o'clock, the main question of debate being the Democracy of Kuphea and Makainai. Kuphea is a Home Rule member of the House and Makainai until a few days ago was the vice president of the Home Rule party. There were many who believed some literal evidence of a change of heart should come from the two men. Mr. Emmeluth advocated that they be required to sign a cast-iron pledge, which would be couched in such terms as to leave no question of the Democracy of the signers. F. J. Testa suggested that the two candidates be taken before the central committee and put through a vigorous examination before they be granted the right to wear the Democratic badge.

These arguments had little weight with the majority present, who were ready to accept Kuphea and Makainai on their parole.

The Fifth delegates will hold another caucus Friday evening. The Senatorial question was not up at last night's meeting.
